- **Zumba Conditioning** has all 3 components of fitness, cardio, strength, and flexibility. Latin music and your Zumba instructor will motivate and instruct you in simple high energy dance followed by weight training, core work, and stretching.

MIND & BODY

- **Basic Back Care** A healthy back is strong, flexible, and pain-free. Focus on posture, core strength and spinal stability, strengthening and stretching the muscles that support the back
- **Nia** fusion fitness blending movement forms from martial arts, dance arts and healing arts increasing cardiovascular conditioning muscle strength and definition
- **Pilates** is a series of non-impact exercises to develop strength, flexibility, balance, and inner awareness. Benefits; longer leaner muscles, improves postural problems, increases core strength, stability
- **Essential Pilates** a beginners class focusing on improving flexibility and strength for the overall body without building bulk.
- **Pilates Plus** a more advanced class utilizing and strengthening your deep abdominal muscles, obliques and lower back, combining the precise movements and traditional fitness elements. Essential Pilates or experience in Pilates is highly recommended
- **Yoga** increases strength, flexibility and muscular awareness and helps to develop a sense of concentration and balance
- **Align The Spine Yoga** Discovery of our inner alignment by synchronizing correct breath and movement; releasing muscular tensions acquired through life-long habits.
- **Ashtanga Yoga** A flow of poses in a fixed sequence building and warming up to more advanced poses.

- Starting from standing poses, Sun salutations to sitting, twists, continuing to backbends and inversions
- **Classical Yoga** enhances your flexibility, strength and overall well-being. Taking a holistic approach, emphasizing both physical and emotional well-being. The practice includes Asanas', Pranayamas' and relaxation. The postures involve coordination of breath and gentle body movements. All levels welcome.
- **Gentle Yoga** A very gentle yoga that increases flexibility and strength. A perfect class for the newcomer to the yoga practice
- **Slow Flow Yoga** Breathing is deep and slow, but poses are strong and the body generates heat and deep sense of calm. This class is perfect for beginners.
- **Vinyasa Yoga** A flow of breath can be as simple as bending forward with exhale and sitting up with inhale, Vinyasa introduces you to breathing through your movements

SPINNING

- The **Spinning™** program is the original and most popular group cycling class. With no complicated moves to learn, a motivating group environment, top-notch instructors and music that begs your legs to pedal, you'll find yourself having a blast while you ride your way to a leaner, stronger body.
 - **Intro to Spin™** If you're new to the Spinning™ program this is the class for you. You will learn the correct bike set up, hand positions and safety. Your instructor will take you on ride using the various energy zones
 - **Spin™ & Sculpt** ½ hour of an all terrain spin and ½ hour weights utilizing the core strength to compliment the your Spinning™ program. A perfect class for the person who wants to experience a less intense ride
- Endurance Energy Zone**
Endurance training is your foundation allowing for shorter recovery times, higher fat metabolism and a lower resting heart rate.
- Strength Energy Zone**
Using high resistance and a slower cadence, you'll hover between aerobic and anaerobic zones. Tone your legs and build your mental strength.
- Interval Energy Zone**
Alternate bursts of speed and power with recovery. You'll increase your aerobic and anaerobic capacity, which will lead to bolstered stamina and endurance.
- Race Day Energy Zone**
Challenge your body and celebrate your strength. Training at or above anaerobic threshold teaches your body to perform at higher intensities.
- Recovery Energy Zone**
Without sufficient rest, your body can't get stronger. Recovery Rides promote healing and circulate oxygen to tired muscles, ligaments and tendons.

WATER

- **Deep H2O Cardio Fit** Your joints and heart will love this fat burning, fun, all inclusive workout to motivating music. Floatation belts and other equipment are provided.
- **Hydrotone** Fun deep water class using various Hydrotone equipment that amplifies the natural resistance of water to enhance exercise
- **Wet Jam** A fun athletic approach to water fitness training with specific drills, cardiovascular work, intervals, plyometrics and strength training, improving your cardiovascular conditioning as well as muscular strength and endurance. A perfect class for the beginner to the experienced athlete
